

**SC1101E**  
**Semester 1 AY 2014-15**  
**Tutorial 2 (ODD WK Sep8-12; EVEN WK Sep15-19)**

**Suggestions for Tutorial Preparation**

1. Ponder over the relevant lectures and raise questions.
2. Think through the tutorial questions.
3. The questions from points #1 and #2 above could be thought of as puzzles.
4. Look for answers to these puzzles in your readings and other materials.
5. Raise questions and share your insights in class.

**General Discussion (Some tutors may use a different set of questions and/or activities here.)**

1. How are you coping with the module?
2. Any best practices to share?
3. How can we help?

**Group Discussion**

**Your tutor may divide the DG into 4 or 5 groups. Each group may be assigned one or two of the following questions:**

1. We tend to think of power as originating from someone with authority or who is an authority. Is this an adequate view of power?
2. How would you conceptualize the modern state? Discuss with examples.
3. Is culture in anyway related to power?
4. Is there such a thing as a national culture? Discuss with reference to a country you are familiar with.
5. Discuss how culture can be both constraining and enabling.

6. This symbol is found worldwide. It suggests that globalization produces a homogenization of cultures across the globe. Do you agree? Discuss with reference to this and two other examples.
